

Middle School Uniform Guidelines

The purpose of the Dress Code is to provide an environment conducive to learning by maintaining a neat and orderly appearance for our students and removing distractions that might disrupt the learning environment. The Dress Code is in effect during all hours of the academic day across the campus. If a student is unable to choose appropriately, he or she may be removed from class and sent to change into more appropriate attire, and/or face other disciplinary action. Students are advised to review and adhere to the following dress code policy. Final interpretation and enforcement of the dress code will be at the discretion of the Dean of Students.

Monday, Tuesday, Thursday
